APPLICATION OF THIS POLICY

This policy, developed by the Anglican Schools Commission (ASC) and approved by Diocesan Counsel, applies to all Anglican schools in the Diocese of Brisbane and any business associated with the school, including international colleges. Other Anglican schools in Queensland have approval from the Anglican Schools Commission (ASC) to utilise this policy and associated procedures.

The *Student Protection in Anglican Schools Procedures* (the procedures), which support this policy, outline the roles, responsibilities, processes and forms that must be used when actioning this policy. The procedures also contain information on relevant definitions and key terms.

1. SCOPE

This policy outlines the Anglican Church Southern Queensland's (ACSQ) commitment to ensure the safety and wellbeing of students attending Anglican schools and the schools' obligations to respond appropriately to all suspected student protection concerns.

The policy and procedures apply to all school staff, volunteers and visitors (including contractors) and relate to any student under 18 years of age who is a child, as defined by the [Child Protection Act 1999](#) (CPA), and a student under the [Education \(General Provisions\) Act 2006](#) (EGPA).

2. COMPLIANCE

The ACSQ requires compliance by all Anglican schools with this policy and the *Student Protection in Anglican Schools Procedures*.

To facilitate this compliance, auditing procedures will be implemented at least every three (3) years, including internal and external measures. Oversight of this process will emanate from the Office of the Director of Professional Standards, ACSQ. Disciplinary action may be taken against an employee who does not comply with legislative obligations or policy requirements.

3. EXCLUSIONS

This policy and the associated procedures do not apply to:

- complaints about the actions/decisions of staff or volunteers or non-compliance with other policies or procedures – see the [Complaints Management in Anglican Schools Policy](#);
- allegations of sexual misconduct - see the ACSQ [Protocol for Dealing with Sexual Misconduct](#); or
- alleged workplace bullying, discrimination, physical assault, harm or harassment (other than sexual harassment) – see the [Bullying, Harassment and Discrimination Policy and Procedures](#).

4. STATEMENT OF COMMITMENT

Anglican schools support the rights of all children and young people and are committed to ensuring the safety and wellbeing of students attending an Anglican school.

Anglican schools will provide a safe and supportive living and learning environment for students and will ensure staff, volunteers and visitors model and encourage behaviours that uphold the dignity, safety and wellbeing of students. Anglican schools will ensure they:

- provide an appropriate and timely response to all allegations of harm to a student resulting from the conduct, action or inaction of any person, including staff and volunteers;
- comply with all legislative obligations and student protection policy and procedural requirements; and
- support, wherever possible and appropriate, individuals affected by student protection matters, including students, parents, staff and volunteers.

POLICY STATEMENT

The ACSQ recognises that the safety and wellbeing of children and young people is of paramount importance and that school staff, due to their ongoing connections with students and families, are often well placed to identify significant concerns for a student's safety or wellbeing and to support students and families who may be facing difficult life challenges.

The ACSQ also recognises that school staff must comply with obligations under the [CPA](#) and the [EGPA](#) to report child protection concerns to the Department of Communities, Child Safety and Disability Services (Child Safety) and/or to the Queensland Police Service (the police).

As a result, this policy requires that all Anglican schools must:

- ensure all staff, volunteers and visitors understand and action their obligations and responsibilities in relation to student protection, including reporting requirements under legislation and this policy;
- in accordance with s.16(3) of the [Education \(Accreditation of Non-State Schools\) Regulation 2017](#), have a minimum of two appropriate staff members designated as Student Protection Officers (SPOs) and ensure the school community is aware of these SPOs (see Section 2 of the procedures);
- ensure any student or parent who has concerns about a student's safety is encouraged to report their concerns to an SPO or the Principal (see Section 3 of the procedures);
- support, wherever possible and appropriate, individuals affected by student protection matters, including students, families, staff and volunteers (see Section 18 of the procedures);
- comply with legislative and/or policy or procedural requirements in relation to the recruitment, selection, screening, training and management of staff and volunteers, including requirements under s.16(4)(1) of the [Education \(Accreditation of Non-State Schools\) Regulation 2017](#) to train staff annually and requirements under the *Safe Ministry with Children Canon 2017*;
- endeavour to work in partnership with families and other professionals and agencies to ensure the safety and wellbeing of students attending an Anglican school; and
- implement the procedures including using required reporting and referral forms.

By ensuring schools understand and fulfil these obligations and responsibilities, and have the resources, tools and training necessary to implement the policy and procedures, the ACSQ will:

- fulfil its stated commitment to ensuring the safety and wellbeing of students;
- ensure all staff and volunteers comply with legislated and/or policy obligations;
- ensure timely, appropriate responses to all student protection concerns;
- facilitate transparency and consistency in student protection actions and decisions;
- support staff and volunteers as they respond to challenging student protection matters; and
- enable schools to fulfil their roles as part of Queensland's wider child protection system.

5. OBLIGATIONS – SCHOOL STAFF, VOLUNTEERS AND VISITORS

5.1 Christian obligations

School staff and volunteers will respect the Gospel values and ethos of the Anglican Church and create an environment for students and families that is characterised by:

- an appreciation of diversity and acceptance;
- a strong service and care ethic;
- respect for others;
- a commitment to social justice; and
- a willingness to serve God and his people in the wider community.

Further information about the values and ethos of the Anglican Church and the Archbishop's message to schools can be found on the ASC Mission website at <http://www.ascmission.org/>.

5.2 Obligations to immediately discuss student protection concerns

When a staff member, volunteer or visitor has concerns for a student or unborn child¹ they must immediately discuss their concerns with an SPO or the Principal (see Section 4 of the procedures).

The SPO or Principal will then:

- help determine the most appropriate response to the concerns;
- help complete a reporting or referral form, when necessary; and

When an SPO or the Principal is made aware of concerns which indicate a student or unborn child may be in need of protection (s. 10 of the [CPA](#)) as a result of abuse or neglect they **must** ensure a written report is immediately forwarded to Child Safety.

5.3.3 Reporting sexual abuse or likely sexual abuse to police (Section 7 of the procedures)

In accordance with ss.366 and 366A of the [EGPA](#) and this policy, **all school staff, volunteers and visitors must** immediately give a written report to the Principal when they suspect the sexual abuse or likely sexual

When the concerns are identified by the Principal, **the Principal must** ensure a written report about suspected sexual abuse or likely sexual abuse is immediately given to the police and a copy of the report is forwarded to the Director of the school's governing body, or their delegate.

When the concerns relate to the Principal, a written report about the suspected sexual abuse or likely sexual abuse **must** immediately be given to the Director of Professional Standards [DPS] (owned schools) or the Director of the school's governing body, or their delegate (separately controlled schools). **The Director, or their delegate, must** ensure the written report about the suspected sexual abuse or likely sexual abuse is immediately given to the police.

5.4 Other child protection responsibilities
