OSHC VACATION CARE PROGRAM – JUNE-JULY 2019

PROGRAM DEVELOPMENT

Our Vacation Care Programs are designed and developed in collaboration with the families, Educators' team and children that use the service. Our programs are based on an approved learning framework – *My Time Our Place Framework for School Age Care*, the developmental needs, interests and experiences of each child, and take into account the individuality of each child.

Critical reflection and careful planning increase the value of the childrens' time with us, by ensuring that the program and practice responds to childrens' interests and scaffolds learning (National Quality Standards). In developing Vacation Care programs, the service recognises the basis of the program aims to be recreation and leisure. The program and learning environments embrace "free choice" and "free play".
