

FOUNDATION BOARD

The Flinders Foundation aims to involve everyone within and beyond our College and encourage philanthropy and fundraising events

Funds go towards the ongoing development of our College facilities and programs

The mission is to benefit our current students as well as future generations

School fees cover only a portion of the annual expenditure for Flinders, so the Foundation exists to create more opportunities to benefit everyone

The Foundation Board is made up of parents and members from the wider community who have a passion for growing Flinders as a vibrant learning environment

EVENTS & NEWS

The Flinders Foundation hosts College community events

The Flinders Foundation shares news about our College's growth and vision on our Flinders website at www.mfac.edu.au/flinders-foundation

The aim of the Foundation is to connect with all families and build awareness of the importance of the Flinders Foundation to enable the College to prosper and lead

DONORS

Anyone can be a donor and support the Foundation's vision through a tax deductible gift

Companies are invited to support the Flinders Foundation

Attending events with family and friends is another way to support the Flinders Foundation

Participating in auctions and other fundraising activities also provides support to the Flinders Foundation

Philanthropy is an important ingredient in our College culture. It also enables us to achieve, develop and extend programs, facilities and our connection with the community

INVEST IN THE FUTURE

Funds contributed are managed by the Foundation Board

Funds are allocated to a range of College projects, such as scholarship programs or the construction of new facilities

These programs directly benefit Flinders students and enhance the opportunities available to them to excel in learning and life

Since its inception, the Flinders Foundation has contributed \$3.4 million towards projects across the College campus, such as the Sports Centre, Chapel, Drama Centre, and the Flinders Performance Centre
