

COLLEGE CHILD AND YOUTH RISK MANAGEMENT STRATEGY

PURPOSE

The purpose of a Child and Youth Risk Management strategy ('CYRMS') is to help to identify potential risks of harm to children and young people and to implement strategies to minimise these risks.

A well-developed strategy will help Matthew Flinders Anglican College ('the College') achieve its objectives by providing a clear and consistent framework to guide and support children and young people, parents, employees, volunteers and visitors to our College.

INTRODUCTION

The CYRMS is not only about compliance, but about working diligently to embrace a positive culture of safety and wellbeing and to actively encourage all students, parents and staff to report any suspected harm, inappropriate behaviour or any actions negatively affecting the safety and wellbeing of our students in a timely manner. The pastoral care structure of the College and the employment of Student Protection Officers and Chaplain encourage and support this culture. The Blue Card system aims to create safe and supportive environments where children and young people can participate in activities essential to their development and wellbeing. The Blue Card system has three key components:

1. Risk management strategies
2. Blue Card screening
3. Compliance and ongoing monitoring.

THE 'CYRMS' PROCESS, REVIEW AND COMMITTEE

The Principal is accountable for ensuring that the Child and Youth Risk Management Strategy is developed, implemented and reviewed annually.

The College is committed to reviewing the Child & Youth Risk Management Strategy at least once every year. The review findings will inform the development of the new strategy document. Notwithstanding the scheduled review, should circumstances change significantly before the 12-month review period, the Strategy will be immediately reviewed in order to maintain appropriate accuracy, relevance and authority.

The Matthew Flinders Anglican College Child and Youth Risk Management Strategy Committee was established in May 2016 to provide assistance to the College Principal and Board of Directors to ensure that the process by which the College's CYRMS is formulated is consultative with a whole College approach and to assist in mapping existing policies and actions and identifying gaps.

The Committee will ensure that the annual review process is timely, robust and captures the processes in place to manage the risk to students and ensure that the document is representative of the actions occurring across the whole College.

The CYRMS Committee will comprise the following roles, which is determined by the Principal:

- Principal
- Head of Secondary School
- Head of Primary School
- Head of Human Resources
- College Counsellors

Risk management plans for high risk activities and special events.</p>	<p>The College has an electronic Risk Management system for Risk Management and Compliance tracking.</p> <p>To ensure the health, safety and wellbeing of students and staff, the College is required to proactively manage all aspects of excursions. The College's duty of care to students extends to school excursions (including camps) and international study tours which are part of students' educational programs.</p> <p>Activities conducted away from the College have increased risks and therefore the standard of care required reflects the increase in identified risks. The activities are thoroughly planned to ensure that students, staff and others will be safe while undertaking the activity. Any reasonably foreseeable risks must have been identified and managed and there must be a planned response in case of an emergency.</p> <p>An excursion plan and Risk Assessment are to be completed for all College external trips, camps, excursions and tours. The Plans and Risk Assessments are reviewed with the Risk and Compliance Manager and approved by the relevant Sub-School Head. Where deemed necessary, the College Principal may be part of the approval process.</p> <p>The College also has a comprehensive Work Health and Safety (WHS) Management System in place to create a safe environment for students at the College.
