

All Year 8 students study English, Mathematics, Science, Humanities, HPE, IDEAS and RAVE. These will be automatically added to your timetable.

Students entering Year 8 are required to select six (6) semester-length elective subjects. You will be timetabled into four of these electives over two semesters; the 5th and 6th preferences will serve as reserve options.

Electives are selected from the following ten (10) options: Art, Drama, Music, Music EDGE, Film Television & New Media, French 2, French 3, Japanese 2, Japanese 3 and Digital Extra.

- If you want to study French or Japanese for a whole year, you must select *French 2 and 3* or *Japanese 2 and 3* within your top four preferences.

Details of the available elective options can be found in the [Middle School Curriculum Handbook 2022](#).

**Important!** If a subject is important for you, then place it higher on your list of preferences than any less important subjects.

**Elective options.** Place the numbers '1' to '6' in the box next to each of your preferred options with '1' being your highest priority and '6' being your second reserve choice.
